

**Turn Know-how
into Impact. Now.**

Turn knowledge into multimedia modules

PraxiumAI captures your expertise and technical docs and transforms them into personalized upskilling experiences grounded in proven learning science. Built for the agentic era.

The current model isn't working

THE DATA IS CLEAR. THE SYSTEM IS BROKEN

4–10%

of workplace learning time is formal

Lombardo & Eichinger, 1996

10–20%

of formal training transfers to the job

Baldwin & Ford, 1988

90% → 33%

test score vs real-world adherence

Salesforce, 2023

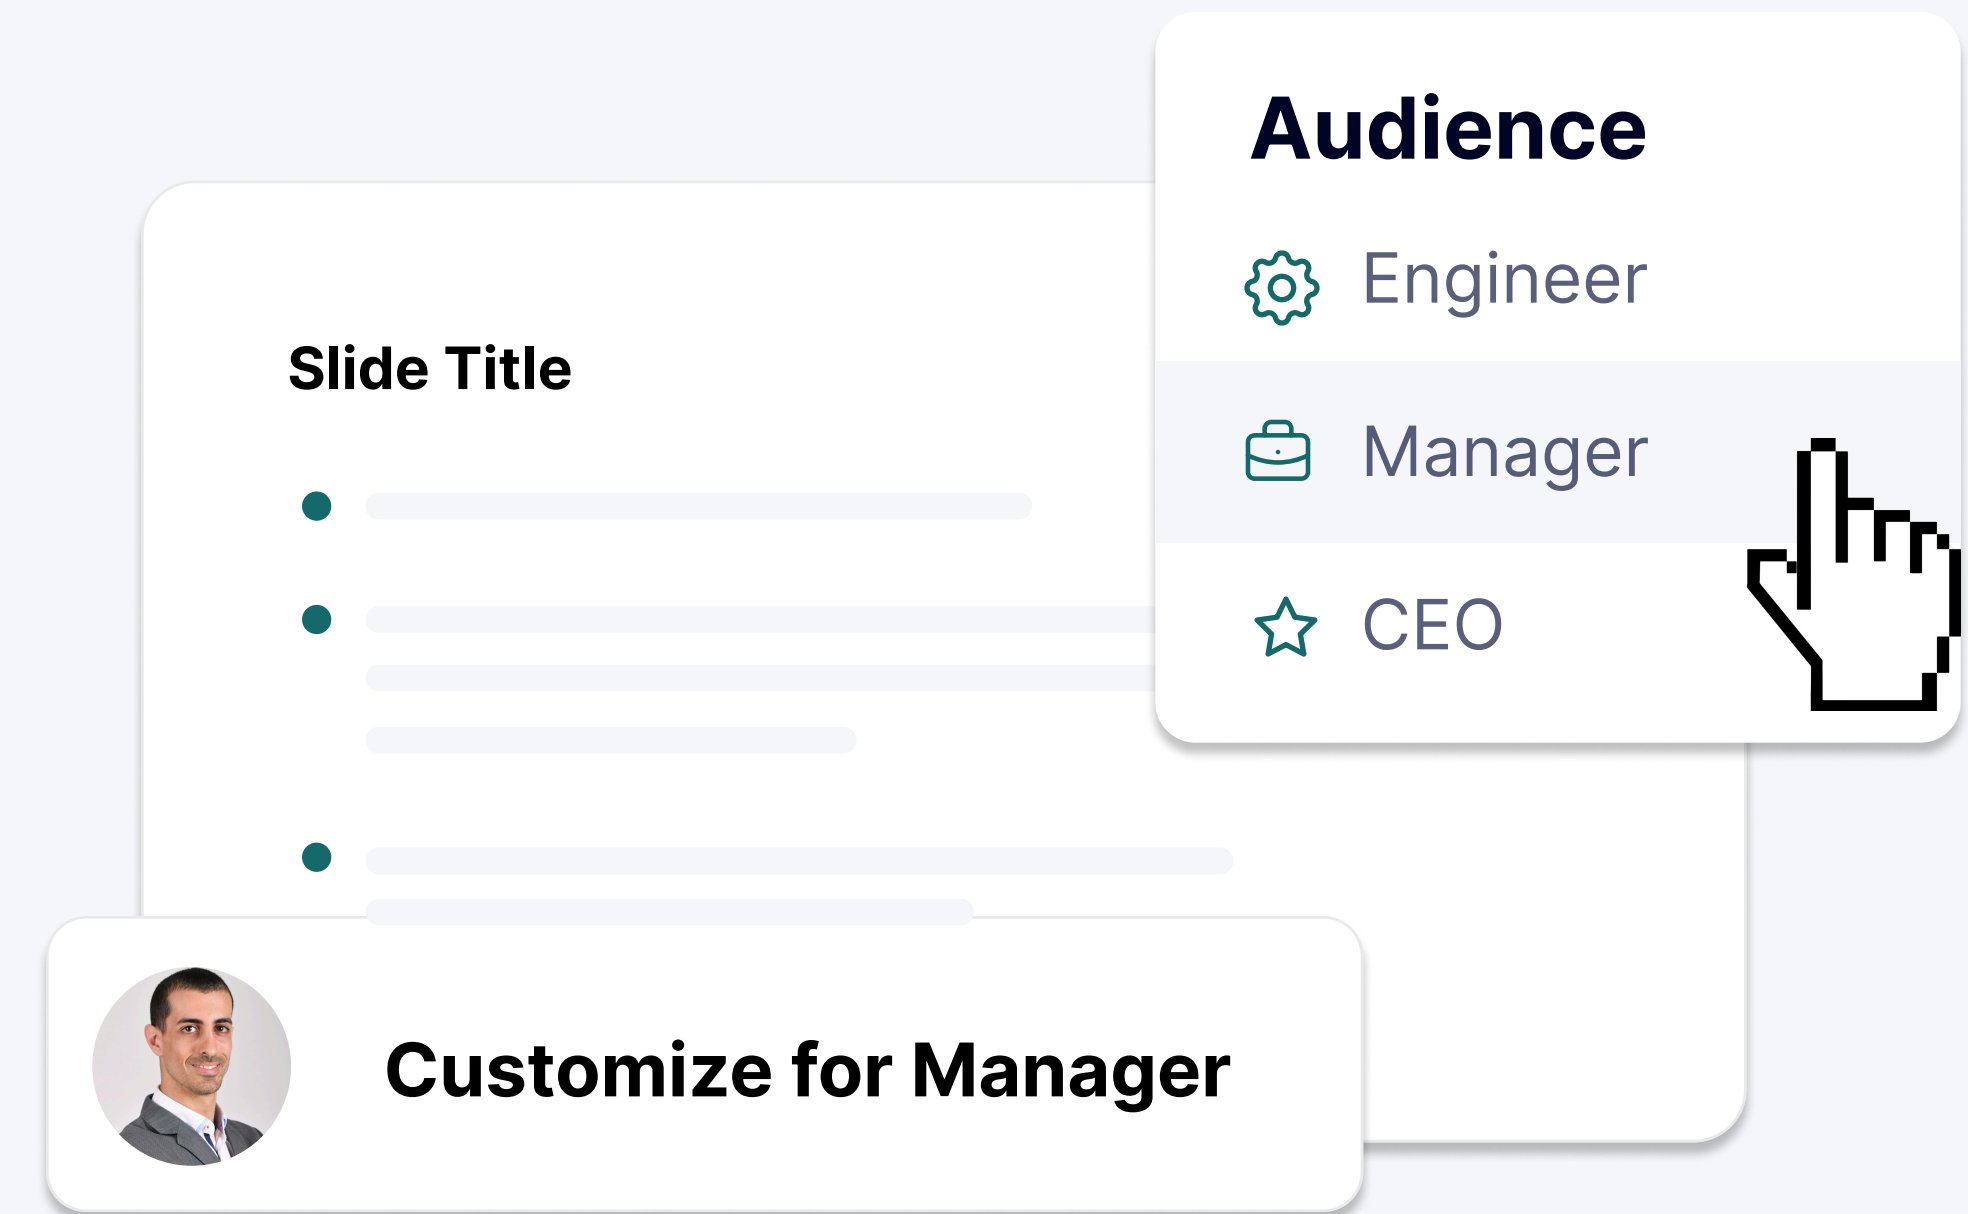

\$400B → 74%

annual spend vs execs saying skills gap

Bersin, 2026

Bring your content. We'll build the modules

NO NEED TO START FROM SCRATCH

Upload files:

- PDFs, Docs, Slides, transcripts, notes
- Training manuals or existing materials
- Up to 500 pages total

Add context via guided interview:

- Who it's for
- What they need to learn
- Key outcomes

A complete, personalized course

BUILT, ORGANISED, AND READY TO DELIVER

≡ **Course**

Module - Fundamentals ✓

📄 **Lesson 1** ✓

📺 **Lesson 2** ✓

📺 **Lesson 3** ✓

- Lesson Video
- By the End, You'll Be Able To...
- Key point(s)
 - Visuals: Slide, Interactive, Diagram,...
 - Key Point Text
 - Source References
- Scenario-based Multiple-choice Questions
- Interactive Document Explorer
- AI-Tutor

From raw content → Structured learning

**Instructional
Designer
(ID)**

**Subject Matter
Experts (SME)**

**SME ≠ ID. Deep knowledge and effective
teaching are distinct skills.**
